## ALL AMERICA IS INTERESTED IN CHAMPIONS

The Sells-Floto circus with the two world's champions, Willard and Gotch which comes here on August 24 makes a combination that it will be pretty hard to keep Young America from seeing. If for no other reason than we will be able to look upon two men physically perfect, who never drank liquor, smoked tobacco or dissipated in any way, and the lesson to our young men will be far reaching and effective.

These two men point a moral that cannot be reached through preaching they prove a living monument of towering strength and healthy athletics that could not be proven in any other way.

Jess Willard will first be introduced at the performances in his old role of cowboy at the head of the Buffalo Bill Wild West Cowboys and later he will appear in ring costume and with his sparring partner illustrates how he won the championship from Jack Johnson and also how he defended it with Frank Moran.

Frank Gotch, the wrestling champion of the world, issues a challenge to all and offers a prize of \$100 to any one who can stay in the ring with him for fifteen minutes.

In conjunction with these two world's champions will be an all champion circus program, including Lucia Dora, the champion woman elephant trainer, and her thirty tons of elephants; Rosa Rosland, champion somersault equestrienne; Elsie Ryan, Venus of sawdust; Snyder, the elephant that walks like a man; Jumping Jupiter, the champion auto hurdlng horse of the world, and forty fun making clowns.

At 10:30 circus morning the wonderful street pageant will leave the circus grounds and traverse the usual parade route. All the circus features will be in the parade excepting of course, Willard and Gotch who will appear only during the performances.

## WATCH MAKER OF FIFTY YEARS AT THE BENCH

C. M. Wendelboe, Joins Silent Majority After Fifteen Years of Suffering

C. M. Wendelboe, jeweler and watchmaker, a resident of Logan since 1890, passed away at his home in the Seventh ward on Sunday following an illness of diabetes that has troubled him more or less for fifteen years.

Mr. Wendelboe was born in Aarhus, Denmark, October 29, 1852. He was married in May 1877 to Miss Louise Rundquist and came to Utah in 1882. He resided in Salt Lake City for eight years and then moved to Logan and founded the jewelry business which now bears his name. He was a watch maker by profession and had he lived until November of this year he would have celebrated his 50th anniversary at the watch makers' bench.

Besides the wife, five children survive. They are Mrs. F. W. Crockett of Salt Lake City; Mrs. Violet Block, Owen Sound, Canada; Charles Wendelboe, Logan; Diamond Wendelboe, Owen Sound, Canada; and Leo Wendelboe, St. Paul Minn.

Arrangements for the funeral services have been made for Friday afternoon at 2 o'clock in the Seventh ward meeting house at which friends are invited to attend.

## PLACING COUNTY FAIR GROUNDS IN EXCELLENT SHAPE FOR RACE COURSE

The officers of the Fair Association expect a large number of harness horses and gallopers for the coming fair. Nearly one hundred race programs have been sent to horsemen all over the western states who are entered in the Intermountain Racing Circuit.

Dr. Rodgers who has had a string of fast horses in training at the local track and who will be here for the fair, will represent the association in the circuit to secure a good lineup. By fair time the horsemen on the circuit will know who is who and there will be a better opportunity to get races more evenly matched.

Messrs Walton and McLaughlin who have raced here before with Temple Standard and Tenderest and other favorites, have promised to bring a large number of fast gallopers.

As a fill in between the heats of the races, fast motorcycle and bicycle races will be arranged. Mr. N. J. DeSanders is in touch with the fastest motorcycle racers in the state, Ray Peck, Al Ward, and other noted

professionals will no doubt be here. Classes will be made so the local boys may compete together on the last day a twenty mile champion motorcycle race will be run.

All the boys in the valley under 26 may compete in the half mile bicycle race each day of the fair. The association will give a cash prize for the winner of each race and Mr. N. J. DeSanders will give a bicycle to the boy winning the most number of races. It is expected that a large number of boys will compete for these prizes. The boys will have a good opportunity to train at the track as none of the harness horses will be here for at least three weeks.

From now on the fair grounds will be placed in condition for the opening September 27. A strong fence will be placed down the home stretch of the track so there will be no chance for accidents. The slough near the track has been drained and covered with gravel so there will be considerable more room for the automobiles and the public.

## LOGAN SOLDIER BOYS ASKING FOR BOOKS

The following letter has been received by the Commercial Club from members of Troop H, asking that some good books be sent to them:

Nogales, Arizona, Aug. 16, 1915.  
M. R. Hovey, Secretary  
Commercial-Boaters Club,  
Logan, Utah.

Dear Mr. Hovey:

Inasmuch as some members of Troop H, occasionally find a few minutes which could profitably be spent reading, if we had the books, we have decided and our plan has the endorsement of Captain Woolley to ask the Commercial Club to procure for us some books. We suggest that you advertise in the local papers stating that if any one has a book which he has read and feels that it would be worth while and appreciated by the boys here, to kindly mail it to you to be forwarded or else sent directly to Troop H.

We believe that nearly every family has a few books in the private library that are only filling space and gathering dust and perhaps those same books would be a source of enjoyment and a means of education to the fellows of the troop. However, one should be careful in his selection of books for the use of the troop and not send one that would perhaps not be read by the boys living under conditions such as we have here. We want something that will be interesting and instructive even if we have only fifteen minutes a day that can be devoted to reading. Of course we realize that the needed variety will naturally be contributed and we assure you that the gift shall indeed be appreciated.

Thanking you again for past favors and in advance for the one we now ask, we are, Very truly yours,

A. E. MERRILL,  
NORMAN D. SALISBURY,  
I. L. McALISTER,  
RAY E. CARDON,  
ELMER JONSSON,

Members of Troop H.  
The officers of the club deem this a very worthy request and will appreciate very much if a liberal response is made. If those who desire to contribute for this cause, will leave the books at the Commercial Club, they will be immediately sent to the troop.

## UNDERGROUND WATER CAUSES HILL TO SLIDE

There is no little concern on the part of the farmers who irrigate from the Logan and Hyde Park canal as to when they can get water down their canal and how much longer the sliding of gravel into the canal will continue as the result of underground water rising to the surface near the Burtleson home on canyon road. The slide came down into the canal last Friday night. All day Saturday, Sunday and Monday men have been at work, trying to combat with the sliding gravel in order to repair the canal.

The situation is a bad one and will cost the canal company considerable money before the trouble is finally settled. The whole hill side seems to be saturated with water. There may be other slides reported. There was some contention that the water was coming from the state dam, but we have been informed that Engineer Ray West ran a line of levels to the dam from the point where the water is flowing from the hill and has determined that the water level in the dam is lower than where the water comes out of the hill.

## MARY PICKFORD AT THE LYRIC WED. & THURS.

Mary Pickford as an Italian boy! The delightful little Japanese Cho-Cho San in Madame Butterfly, has shed her sandals and her kimono for the rough boots and corduroy of the Italian peasant, and she laughs, fights and smokes her way into the heart. Just as the little Nipones sobbed her way into the affections of the public. And just as the Famous Players star so cleverly concealed her own mannerisms in the interpretation of the Jap girl, so in this original photo play by Kate Jordan, which will be the Paramount attraction at the Lyric theater Wednesday and Thursday, Miss Pickford burles the Pickfordian character beneath an avalanche of Italian mannerisms and of boyish conceptions that once more prove her wonderfully broad versatility.

## MRS. GILL IS LAID TO REST IN THIS CITY

The mortal remains of Mrs. Ida Peterson Gill, wife of Grover Gill, were interred in the Logan cemetery on Sunday following impressive services held in the Sixth ward meeting house where a host of friends and relatives gathered to pay a parting respect to one of their life companions and associates.

Mrs. Gill had been living in California for the past six years and owing to a weak heart she had been advised by her physician not to come to this high climate as it might prove fatal. Therefore, it has been a long time since she had the association of her parents and childhood friends, consequently the bringing her body home in death was a sad meeting for her loved ones.

The husband and parents could not help but take consolation in the fact that so many were on hand to do everything in their power to cheer them during their hour of grief and sorrow. The meeting house was filled with sympathizing relatives and friends. The floral tributes were among the most beautiful that have ever been seen at a funeral in the Sixth ward.

The ward choir rendered the usual singing with vocal solos by Miss Florence Tarbet and Frank Baugh, with a violin solo by Henry Otte. The opening prayer was offered by Elder T. A. Toberson and the benediction was pronounced by Elder Orson Smith.

The speakers were Bishop Olson of College ward; Samuel B. Mitton, A. Jorgensen, President Ballif, and Bishop Rice. All spoke of their acquaintance with the Peterson family and paid a high tribute to the lovable life of the departed. There was a long procession of automobiles accompanied the remains to the Logan City cemetery.

## THE "AMERICAN BEAUTY" AT THE LYRIC

The pinnacle of joy is in the performance of a labor of love. It is this condition, this something that makes the scenes of the painting of Ruth's portrait in The American Beauty, the Pallas Paramount photoplay at the Lyric theater scintillate with an appealing charm.

To the two untiring workers, the artist and the beautiful model it is a labor of love. She who loves the painter. He who loves the painting. The story does not go ahead in the sequence but unfolds in a way baffling to the expectations and then ends in a thoroughly pleasing manner.
